

Zeno Blue eMarketing Opens Door to Provide Internet Marketing Services

Charlotte, NC -- (December 1, 2007) - Zeno Blue eMarketing opens its door specializing in online marketing services. Zeno Blue eMarketing has a goal to help its clients drive qualified traffic to their websites, generating more leads and converting a higher percentage of the leads into paying customers.

Zeno Blue eMarketing's services will include search engine optimization consulting, pay-per-click advertising management, and website design and development.

"Businesses are facing significant challenges today. In order to gain a competitive advantage and maximize exposure, it is now critical for businesses to launch Internet-based marketing programs" said David Brooks, Zeno Blue eMarketing founder and principal consultant. Zeno Blue eMarketing addresses these needs by offering scalable, affordable solutions.

"You can expect a high-touch level of customer service from us. We promise to over deliver and change how you look at your business forever." says Brooks.
